

MUST BE ORIGINALLY CREATED WITHIN SOFTWARE V3.5.0 or V2015 1.1 (doesn't work on old versions of the software)

- Go to 'Open Existing Projects', highlight your original project (DO NOT OPEN)
- Duplicate original project (see button at the bottom) and re-name it.
- Open duplicated project.
- Click on resize button.

- The software will resize you project to your chosen size*.
- *Sizes available are limited to the sizes within the category chosen, eg Deluxe books has A3, A4, A5, A6, Acrylic has only A3.
- MUST double check each page as some images will not be in the same place as before.
- Cover will need checking and in some cases setting up again.
- SAVE project into basket along with any other books in package.
- Apply voucher code to whole basket to get the correct discount.

NB

If you resize a book be very careful that your new cover is centered properly in the new size as it will move out of place when enlarged/reduced. Check all pages for image movement before ordering.
